Connect, Learn and Explore at the 2020 Core Facilities Showcase Online!

Join colleagues virtually this November at the 2020 New Jersey Core Facilities Showcase. Register now to attend this dynamic online Showcase, which will be held during Engage 2020, Princeton University’s new innovation and entrepreneurship conference.

All are welcome, and there is no fee to attend the Core Facilities Showcase which occurs within the Engage 2020 Program.

Now in its second year, the Showcase sessions and virtual exhibit booths will highlight research services and equipment offered by academic institutions from around the Garden State. These services span all disciplines including structural biology, genomics, imaging and materials science.

The Core Facilities Showcase will host panel discussions on Wednesday, November 4 and a series of meetings, virtual tours and demonstrations on Monday, November 9. Highlights include:

- A keynote and Q&A session on the topic of Core Facilities: A Seat for Innovation, with Craig Arnold, Director of PRISM, Princeton University.
- ‘Omic Core Capabilities, a panel discussion highlighting some of the major Omics capabilities available at Rutgers and Princeton, with an emphasis on the application of new emerging technologies.
- A Materials Characterization and Analysis panel to address advanced imaging techniques using electrons and X-rays that have facilitated improved super resolution, beyond that which standard microscopy enables and are poised to make significant contributions to both the physical and life sciences.
- Keeping Costs Low and Fiscal Compliance, a group discussion about how university Core Facilities can deliver quality service to faculty at a reasonable price.
- Core Facilities: A Seat for Innovation, a panel that will address how access to high-end equipment in university core facilities can play a critical role in the success of entrepreneurs and small companies and how to identify synergistic avenues for the growth of these critical interactions.

All guests registered for Engage 2020 will also have access to the conference’s 50+ sessions relevant to academia, business and industry, researchers, Princeton alumni, entrepreneurs, investors, foundations and the intellectually curious. Visit Engage 2020 conference to learn more.
